KELLY'S HARDY ORNAMENTAL SHRUBS (Prepaid)

ALMOND

PINK FLOWERING—One of the showiest of all flowering shrubs. Plant is compact in growth, blooms with a profusion of pink colored flowers along each stem. Grows 6-8 ft. high. 2-3 ft. size, \$1.25.

BERBERIS (Barberry)

THUNBERGI (Japan Barberry)—where a dwarf deciduous hedge is wanted nothing equals this beautiful Barberry. Requires but little pruning to keep in shape. The leaves are small, light green, and towards fall assume rich, brilliant colors, the fruit or berries becoming scarlet. Absolutely hardy. Plant 12 to 15 inches apart. 12-15 inch 75c, 10 for \$6.50; 18-24 inch, each \$1.00, 10 for \$8.50.

BARBERRY (Japan Red Leaf)

A valuable recent introduction identical with Thunbergi except the color of its foliage. Instead of the green of Thunbergi, it comes out a brilliant bronzy red. The heat of summer intensifies this color and autumn adds many other rich tints. 12 to 15 inch, each \$1.00. prepaid.

BEAUTY BUSH

BEAUTY BUSH (Kolkwitzia Amabilis)—A charming new shrub from China's High Mountains. Perfectly hardy. Has beautiful trumpet and bell shaped pink flowers with orange veins in June, July. Will be a great companion to our Spireas and a pink bloomer is really a prize in spring shrubs. Every lover of blooming shrubs should have this fine new plant. 2-3 ft. \$1.25.

BUDDLEIA (Butterfly Bush)

Plants grow three to four feet and are covered with long racemes of lilac-like flowers in July. The best location is in good, rich, well drained soil in a sunny situation. It attracts the butterflies, and as many as fifty have been counted about a plant in a single afternoon. Each 85c.

DUBONNET—Rich crimson-violet.

CHARMING—New pink Butterfly bush. Each 85c.

CARAGANA

CARAGANA ABORESCENS (Siberian Pea Shrub)—A double green leaved tasty plant and numerous clusters of yellow flowers followed by striking pea pods. This plant is fine for hedges.

Specimen Plants—Each 65c; doz. \$6.60.

DEUTZIA

PRIDE OF ROCHESTER—Dainty blooming bell or tassel flowers, born in wreaths along the branches in June and July. Outer petals tinged with pink. Fine specimen shrubs. 2 to 3 ft. \$1.00.

DOGWOOD

CORNUS (DOGWOOD) Sibirica—Most valuable for their brilliant colored bark and foliage variations. They liven the somber winter aspect of leafless shrubbery. 18-24 in., each 75c; 2-3 ft., each \$1.00.

HYDRANGEA

PANICULATA—A beautiful, tall shrub, with leaves of bright, shiny green; flowers borne in huge panicles from 8 to 12 inches long, light pink, changing to brown later in the fall; blooms in August and September; can be grown in tree form successfully and makes a very desirable lawn ornament. Height about 7 feet. 18-24 in., each 85c; 2-3 ft., each \$1.25.

ARBORESCENS (Hills of Snow)—Conspicuously white and imposing Hydrangea. Mounds of snow white blooms July to September. 2-3 ft., each \$1.00.

FORSYTHIA (Intermedia)

Among the first to bloom and their bright yellow flowers seem the very spirit of spring opening before the leaves appear. They attain an ultimate height of eight or ten feet. Fine specimen shrubs. 18-24 in., each 75c; 2-3 ft., each \$1.00.

HONEYSUCKLE

TARTARIAN—A beautiful flowering shrub. One of the hard growing hedge and screen plants. Probably the most rapid grower of all the hardy shrubs, often attaining a height of ten or more feet in a few years. 18-24 in., each 75c; 10 for \$6.50; 2-3 ft., each \$1.00; 10 for \$8.50, prepaid.

KERRIA

JAPONICA—Double flowered. A fine shrub for most any location. Abundant double yellow flowers like half opened rose buds. Specimen plants, 2-3 ft., each \$1.00.

PHILADELPHUS (Mock Orange)

VIRGINALIS—A magnificent new variety. The flowers are the largest, most fragrant and longest blooming immaculate white bloom, yellow stamens. Summer blooming. 18-24 in., each \$1.00.

PRIVET

PRIVET (Ligustrum Vulgaris)—This hardy privet will make the most beautiful and lasting hedge. Used as a border it will complete the lasting and natural beauty of your home and grounds.

One year plants per 10, \$2.00; 100, \$17.50.

LILACS (Syringa)

COMMON PURPLE—A harbinger of spring shrubs. Easily grown and admired. 2 ft., \$1.00.

COMMON WHITE—An old favorite and a wonderful shrub for screen or hedge planting. Prepaid. 18-24 in., each \$1.00; 10, \$8.50.

PERSIAN PURPLE—Dwarf growing, slender branches, narrow leaves. Specimen plants. Each \$1.00.

LILAC (French Grafted)—There is no comparison between our common Lilac, as pretty as they are, to those of the French Hybrids in the texture, size, color tones, mixture of shades, fragrance and luster of the blooms. The rather bad habit of succoring in the common Lilac is unknown in the French Lilacs.

LUDWIG SPAETH—Single purplish Red.

BELLE DE NANCY—Double Rose.

PRES. GREVY—Double Blue.

MME. LEMOINE—Double White.

Prices of French lilacs: 2-3 ft., each \$1.50, prepaid.

QUINCE

CYDONIA JAPONICA (Japan Quince)—This fine old shrub makes a bushy growth and in early spring is covered with scarlet flowers. 2-3 ft., each \$1.25, prepaid; 18-24 in., each 85c.

SPIREA

All the SPIREAS bloom in a riotous extravagance. Style and color differ in varieties which make this plant most acceptable to all.

ANTHONY WATERER—A fine dwarf Spirea with dark crimson flowers. Height, 2 to 3 feet. 1 ft. 75c; 18 in. \$1.00.

VAN HOUTTEI—The grandest of all the Spireas, and one of the very best of all shrubs. A complete fountain of pure white bloom in May and June. Each, 18-24 in. 75c; 2-3 ft. \$1.00.

PRUNIFOLIA (Bridal Wreath)—One of the earliest to bloom. Plum leaved foliage turning to brilliant red in fall. Double white clustered flowers. Each, 2 ft. \$1.25.

BILLARDI—Erect growing with dense spikes of rose-pink flowers. Blooms from July till September. 3ft., each \$1.00.

ARGUTA—Earliest spirea to bloom, Graceful, semi-pendulous branches, covered with pure white flowers. 2 to 3 ft., each \$1.00.

GOLDEN SPIREA—Umbel like white flowers with bright yellow leaves. A delightful variation from the green of most shrubs. Tall growing. Each, 2-3 ft., \$1.00.

KELLY PLANT GARDENS, E. 4100 SPRAGUE

VIBURNUM

COMMON SNOWBALL (*V. Opulus Sterilis*)—Grows 6 to 8 feet high, the old-fashioned snowball; its large globular clusters of pure white flowers are produced in May and June and make a very attractive appearance. Very ornamental. 18-24 in. 85c; 2-3 ft., each \$1.25.

OPULUS (Cranberry)—Grows 8 to 10 feet high. Bright crimson berries in clusters all winter. Flowers are in dense cymes about 4 inches across, pure white. 18-24 in., each 85c; 2-3 ft., each \$1.25.

BURKWOODI—Truly a garden aristocrat. Compact growing, 4-5 ft. high. Has glossy green leaves which remain on the plant in mild winters. Flowers are 4 to 5 in. across, pinkish white with delightful fragrance. Each \$2.00.

KELLY'S HARDY CLIMBING VINES

AMPELOPSIS

AMPELOPSIS (Boston Ivy)—For covering cement, brick, stone or wood and clings to the smoothest surface. Beautiful foliage. Prepaid, each 75c.

ENGELMAN'S IVY OR WOODBINE (A. quinquefolia, var. Engelmanni)—A type of quinquefolia which has long been desired. It has shorter joints and smaller and thicker foliage. It is better equipped with tendrils, by which it will climb walls of stone or brick as closely as the Veitchi (Boston Ivy). It should be planted in the Northwestern states, in place of Veitchi, as it is perfectly hardy, withstanding heat and cold much better. Prepaid, each 50c; doz. \$5.00.

VIRGINIA CREEPER—A famous and universally used climber. Has pretty cut leaves that turn a brilliant crimson in fall. Prepaid, each 50c.

ARISTOLOCHIA

SIPHO-DUTCHMAN'S PIPE—A fine climber in protected protected locations. Has immense heart shaped leaves that are unusually attractive. Makes a thrifty, uniform growth. Each \$1.00.

BIGNONIA RADICANS

TRUMPET FLOWER—A robust, woody vine, twining tightly with roots along the stems. Its orange-scarlet, trumpet shaped flowers cluster at the tips of branches. The flowers are of large size, and are borne abundantly in the summer after the plants obtain a fair size. A fine climber for every purpose. Each 50c; doz. \$5.00.

CLEMATIS

PANICULATA—Probably the most popular of the small flowering sorts; vine is a rapid grower with glossy green foliage; in September the flowers appear in a perfect mass of white, giving the appearance of a bank of snow; the fragrance is most delicious and penetrating. Prepaid, each 75c.

KELLY'S QUALITY FLOWER SEEDS

We carry a very large stock of annual flower seeds and offer this quality stock to you. We ask you to try our seeds because we know they are the best that money can buy. You are assured of fresh, true-to-name seeds and extra quantity too, all at no greater cost.

Choose any variety listed on this page. Pkt. 10c; any 10 pkts. 75c.

LARGE FLOWERING CLEMATIS

The following are certainly the most beautiful of the flowering vines in our section. Flowers in masses, 5 to 7 inches in diameter.

HENRYI—Large, pure white. Extremely popular, especially when planted in between the other colors for contrast. Prepaid, each 90c.

JACKMANI—Immense flowers of an intense violet-purple color; bloom continually all summer. Perhaps the best known Clematis. Prepaid, each 90c.

RAMONA—Another huge flowered clematis. Color sky-blue. 2 year, each 90c.

MME. BARON VEILLARD—Large flowering pink. Prepaid, each 90c.

MME. EDOUARD ANDRE—Large flowering with pretty crimson red flowers. Each 90c.

ENGLISH IVY

The old Evergreen Ivy. Foliage thick. Prepaid, each 50c; doz. \$5.00.

HONEYSUCKLE

HALL'S JAPAN—Color an intermingling of white and yellow. Extremely fragrant and most satisfactory. Prepaid, each 50c; doz. \$5.00.

BELGICA—Another form of this popular family of climbers. Satisfactory in every location and for every purpose. Flowers are yellow with touch of red, and are quite fragrant. Each 50c; doz. \$5.00.

POLYGONUM

AUBERTI (Silver Lace Vine)—A very beautiful, graceful climber. Grows rapidly and needs support. It produces masses of lacy, misty white flowers over the entire plant. The blooming period is longer than the average vine which makes it a plant well worth having. Prepaid, each 75c.

WISTERIA

An old aristocrat that will never lose favor. When grown on a trellis or any other support, will attain great height. When in bloom it thrills you with large panicles of purple flowers—a great profusion of them hanging gracefully all over the plant. It is a popular plant for an arbor, for the fine flowers hang down through the roof with a beautiful effect. Prepaid, each \$1.00.

KELLY'S EVERGREENS

Evergreens, with their beautiful symmetry and their richness of color, add grace and dignity to the landscape design as no other nursery product can. Within the past few years, evergreens have gained in favor for the planting of the home so that now, the modern design calls for practically all evergreens. And this favor has been justly won for, in winter as well as summer, their wonderful shapeliness and their gorgeous hues inoculate their surroundings with a spirit of cheerfulness and satisfaction.

To flank an entrance, the taller growing varieties are particularly effective; for rock walls, terraces and rockeries, the prostrate types should be used. As single specimens out in the lawn, there is no more beautiful than the Colorado Blue Spruce. For windbreaks and backgrounds, use the Norway and Colorado Blue Spruce.

Remember our help and advice in beautifying your home is positively free, hence feel free to write us on any of these questions. We are sure that we can assist you.

All of our Evergreens are dug with a large ball of earth about the roots to insure safe transplanting. Crating and transportation are charged at cost.
